

Hosp. Board Hold Special Meet'g Re: Enlarged Area

Minutes of a special meeting of the Board of Trustees of the Wainwright Municipal Hospital District No. 17 was held at the Hospital, Tuesday, July 23, 1946. Trustees present were Chairman, Trustees Gould and Trustees McLeod, Gardiner, and Dietrich.

Dr. Somerville, Inspector of Hospitals for the Province of Alberta, attended the meeting by special invitation from the Board, also Dr. H. C. Wallace, Mr. D. Sutherland, reeve, and Mr. H. Spencer, Councillor for M.D. 61 also attended the meeting.

Dr. Somerville was introduced to the meeting by the chairman, Trustee Gould.

The meeting was opened by reading the motion asking Dr. Somerville to attend a Board meeting. Moved by Trustee McLeod that the motion be approved. Carried.

The purpose of the meeting was to receive advice from Dr. Somerville regarding the advisability of building an entirely new hospital or enlarging the present one. Dr. Somerville thought the present hospital was far too valuable a building to be discarded although the original cost was about \$37,000.00 present day valuation would be nearly \$75,000.00. He advised the Board that if they decided to enlarge the hospital, to build a wing and have the present building made sound proof, the approximate cost would be \$100,000.00 but owing to price fluctuations, it would be hard to estimate until ready to build. The present hospital is far too crowded and more space was needed. Dr. Somerville thought Wainwright was an ideal place for a Medical Centre, having good roads and good train service. When it is finally decided to build he would gladly give any advice or assistance he could.

Mr. H. Spencer, Chairman of M.D. 61 Hospital Committee, read the report re costs of operating a 50 bed hospital.

New Regulations For Voting Re: Water And Sewer

Handed down last week from the Provincial Attorneys Department is a new ruling governing those eligible to vote at the time of "Proprietary Elections" balloting.

In the past it has only been those persons whose name had been on the voters list at the time of the last election who were allowed to vote. Now it is stated that all persons owning property in the town will be able to vote. The only stipulation is that they notify the secretary if they are now property holders and they were not at the time of the last voters list being drawn up.

This is a most welcome bit of news as many people would be barred from voting on August 15th. During the last year there have been many new property holders added to the list of ratepayers. These people will now be able to vote on the Sewer and Water By-Laws that are to be presented on August 15th.

Mr. Don Pawsey states that he would like everyone to contact him and inform him of the property changes that have occurred since October 1945. On people who purchased their lots through the town he will have all the necessary information, but there have been many cases of property sales done privately of which he has no record. If you are one of the persons who have purchased property privately it will be to your interest to contact the town secretary and thus insure your chance of helping to put the By-Laws over.

Mr. Pawsey also stated in his interview that many companies having property in the town who are paying taxes or for any employee cast a vote. This is called voting by proxy. It is important that the employee in question be the proxy well in advance of the meeting to his head office at or

Browning U.F.W.A.

The regular meeting of Browning U.F.W.A. was held at the home of Mrs. Dave Krause on July 17. There were nine members and three visitors present.

The meeting was opened by reading an amusing but thought provoking poem "Co-operation" by the hostess. It was announced by Mrs. F. Alwood that a quilt had been finished in time to be sent to the clothing drive. Materials were handed out to the members to be made into articles for the layette which the Local is making. The secretary, Mrs. Harry Scott, announced that \$11.05 had been cleared on the layette raffle. This will be sent to the Robert Gardner Scholarship Fund.

Further plans were made for a social evening to be held at Browning School on November first. Five dollars was voted for Bingo prizes and each member was asked to donate at least \$1.25 value in Bingo prizes. A sale of sewing and cooking and white elephants will be followed by a dance. Mrs. J. Armstrong and Mrs. W. Taylor were appointed publicity committee.

A resolution asking that the committee appointed by the U.F.W.A. A.F.U. and A.F.A. do all in their power to expedite the amalgamation of the three bodies was drawn up and will be discussed at the U.F.W.A. picnic. A thorough discussion took place on education and income tax. Mrs. J. Armstrong read the questionnaire on education and each question was discussed fully. The results will be sent to Miss Birch and will be included in a recommendation to the U.F.W.A.

It was decided to have a McCafferty U.F.W.A. or both in a demonstration, the subject for talk was "Dress and Grooming" with "Home Decoration" as second choice. Plans were made to attend the annual picnic at Malloy's Lake on July 28.

The raffle gift was donated by Mrs. Evans and won by Mrs. M. Peake. After the meeting the hostess served lunch assisted by her sister Miss Doris Harbak. The next meeting will be held on August 21 at the home of Mrs. W. C. Taylor.

Ration Book Distribution

Local Ration Boards throughout Alberta have been preparing for the distribution of Ration Book No. 6, during the week of September 9 to September 16. Organizational meetings have been held by all Local Ration Boards according to reports reaching the Ration Administration of the Wartime Prices and Trade Board.

The great burden of the task of distributing approximately 15,000,000 ration books will fall on Canada's Local Ration Boards and their volunteer supporters. The volunteer services of many citizens have in the past played an important part in the successful operation of rationing throughout the war years.

Local Ration Boards will decide during August on the dates for the distribution of the books in their communities. The complete week of September 9 to 16 has been set aside as ration book distribution week, but each Local Ration Board will decide on the days during this week when the books are to be distributed in their territories.

Citizens will be advised through the medium of the press of the distribution date in their own locality. Citizens should arrange to get their new books during their local distribution in order to co-operate with the volunteer workers in their community.

To Save Sugar

Watch where the sugar goes in your home. How much is used in cooking? On cereals? In tea? In coffee? Cut down where it is needed.

Don't experiment with your sugar ration. Use tested recipes. Use more hot breads than cakes and cookies. They require very little sugar. Cultivate a taste for less sweet foods. If necessary, use more starchy foods which are also energy producers.

Serve hot desserts. They seem sweeter than cold ones.

Try reducing the sugar by one quarter when making your pre-war desserts. They will taste just as good.

Make cakes without frosting. Cook dried fruits in water in which they have been soaked. Little or no sugar will be needed for sweetening.

Add sugar to stewed fruit after cooking and while it is still warm. You will find less will be needed.

Add raisins to cooked cereals for a change. This saves sugar in sweetening. If adding 1/4 cup raisins to cereals, hot breads, or desserts, the sugar in the recipe may be cut in half.

If sugar is used in hot beverages, it should be stirred until completely dissolved.

To substitute honey for sugar in making cakes, use 1 cup honey for each cup sugar called for in recipe and reduce the liquid in recipe by one-quarter.

HOW TO MEASURE Measure all ingredients accurately using level measurements. Use standard measuring cups and spoons. Sift flour once before measuring, then spoon lightly into measuring cup.

Pack brown sugar lightly into measuring cup. To measure fat, e.g. 1/2 cup, fill measuring cup full with cold water, add fat until water rises to 1 cup level, making sure all of the fat is covered with water.

Grease spoons or cups lightly before measuring molasses, honey or syrups.

CARD OF THANKS

I wish to take this opportunity to thank all my friends for their many kindnesses during my recent stay in the hospital. I would also like to extend special thanks to the nurses, Dr. Bradley and Dr. Wallace.

D. DUNDAS

There is a lot of difference between what is good and sound and what merely sounds good.

The concern of government should be what motivates men, not just who manages them.

Funeral Service For Late Mr. J. C. McKenzie

Funeral services for the late Mr. J. C. (Cal) McKenzie who passed away suddenly at his home on Tuesday, July 9th, were held from the United Church on Wednesday at 3:00 p.m. with Mr. L. Goebbles in charge of the service. A short Masonic service was conducted by the members under the guidance of Mr. J. Alderman. The members of Connaught Chapter O.E.S. of which the deceased was a member, were present in a body. He was also a past master of the Masonic Buffalo Park Lodge.

Palbearers were Messrs. F. Stevens, W. D. McEneaney, E. Peterson, J. Mitchell, A. Myrland and J. Winter and the following were appointed as honorary palbearers: Messrs. A. L. Lally, E. Grogan, E. Wilson, J. Tolmie, H. King and W. Froese.

Mrs. H. P. Schmitt of Canmore and Mrs. F. Phipps of Edmonton were in town for the service.

Mrs. McKenzie and daughter Shirley accompanied the remains to Vancouver where they were joined by Mrs. McKenzie's mother, Mrs. S. F. Penby and Mrs. G. Armstrong, sister of Mr. McKenzie both of Calgary.

Burial took place in the Ocean View Burial Park with services at the Mount Pleasant Funeral Home. Here the following, all relatives of the deceased, acted as palbearers: Messrs. H. McCafferty, W. H. McKenzie, F. Farnell, W. Farnell and W. McPhee. A number of former Wainwright residents attended the service to pay their last respects.

Floral tributes of love and esteem were received from the following: Avis, Shirley, Wendy and Mother; Allan and Jean; Vic and Jerry; Will and Alice; Harold and Mabel; Jack and Freda; The Farnells; Dr. and Mrs. F. J. Bessan; Mr. and Mrs. B. C. Carpenter; Dawson, Vic and Bill; Barbara and Earl; Mr. and Mrs. G. Steel, Mr. and Mrs. O. R. Hannah, Ethel and Grace; Pat and Gene Grogan; Mr. and Mrs. J. Crawford and Family; Mr. and Mrs. E. Thirk and Family; Mr. and Mrs. H. Thirk.

Mr. and Mrs. Walberg and Doug; Mr. and Mrs. Goble and Family; Mr. A. K. Arbo, Alf Lally, Mr. and Mrs. Alderman and Boys; Price and Kathleen Jones; Isabel and Harvey; Mrs. King, Gladys, Joy and Boys; The Robsons; The McCreadys; Mr. and Mrs. W. T. With The Field Supervisor

by F. W. Maddox

Again I find it necessary to remind you of the urgent need for cutting and burning the thistles before they blow.

As I drive through the M.D. of Wainwright I notice field after field of grain infested with Canada and now thistle and 80% in bloom and it will be only a short time until these weeds will begin to blow and infest the fields for another year, and not only your own but the neighbors too. I might add that the expense and hard long hours spent summer-fallowing will be a total loss so far as weed control is concerned.

So let's start now in the next few days to locate these weed patches and cut and burn them so there will be no danger of the plants producing seeds to infest the soil further. After the weeds have been destroyed by cutting and burning, if the infestation is small, 100 sq. ft. or so, I would suggest you drop in at the office and purchase a few lbs. of Sodium Chlorate (weed chemical) which is being made available to farmers and town of Wainwright ratepayers at the small sum of 10c per lb. Apply the chemical to the infested area at the rate of 2 lbs. per 100 sq. ft.

Cutting and burning weeds in the bloom stage is only a temporary means of control and not complete eradication. Sodium Chlorate is an inexpensive means of eradication for small patches but not recommended for large infestations.

Fall cultivation is very effective for the eradication of weeds, so don't neglect to cultivate the thistle patches this fall, and it is more advisable to commence the cultivation as soon as you cut and burn them within the next two weeks, before they blow.

Local Ration Board Hours

During the absence of the secretary, Miss Doris Peacock, August 5th to 25th, the Ration Office will be open the following hours:

Monday to Saturday—1 to 5 p.m.
Wednesday only 9:30 to 12 a.m.

Mrs. D. Dundas will be in charge.

PLEASE NOTE NEW HOURS

Royal Canadian Sea Cadet Corps "Exeter"

All Sea Cadets attending Summer Camp will report at the Bus Depot Wainwright at 08:30 Sunday, August 4th.

Big of the Day—Blues, white caps, lanyards.

Personal gear to be packed in kit-bags if at all possible and tagged with the name of the Cadet.

Cadets will arrive in Edmonton at 13:00 and transship by train to Kapaswin Beach at 14:00 arriving 15:25.

Mail to Cadets at Camp should be addressed—Sea Cadet.

Royal Canadian Sea Cadet Camp Kapaswin Beach, Alberta.

Cadets will return by train arriving in Wainwright midnight of Friday, August 16th.

Cadets who find they are now able to attend camp and have not notified the Commanding Officer may do so prior to Friday morning August 2nd.

C. Wilbraham (Lieut) Commanding Officer.

R.C.S.C. "Exeter" Wainwright, Alberta.

Recommended that the following list of personal gear be brought to Royal Canadian Sea Cadet Camp August 4th - August 16th, 1946.

Musical Instruments.

All articles should be marked with owners name.
NOTE—It is preferable that above kit be packed in a kit bag to ensure against loss. Suitcases, Club Bags are unsatisfactory in transshipments.
Everybody get a hair cut by August 2nd.

Former Wain. Boy Wed In Hanna

A pretty wedding took place at the home of the bride's father on Sunday July 14th when Miss Marian Kneeland, daughter of Mr. R. Kneeland and the late Mrs. Kneeland of Hanna, Alberta, was united in marriage to Mr. Leslie E. Fuller, son of Mr. and Mrs. W. J. Ellis, who is in charge of the ceremony.

Given in marriage by her father, the bride was charming in a street length frock of cream lace and wore a headpiece of white tulle and orange blossoms. Her only ornament was a two strand string of pearls with earrings to match, gifts of the groom. She carried a bouquet of red roses.

The bride's sister Jessie was a charming bridesmaid in a street length frock of dusky pink and matching headpiece. Her bouquet was also red roses.

Mr. Sydney Fuller supported his brother as best man.

After the ceremony a reception was held for some thirty guests where the bride's table was centered by a three tiered wedding cake.

The happy couple left later for a honeymoon in Vancouver and Victoria and on their return will make their home in Edmonton.

Gasoline Station Hours Discussed

Hours for the sale of gasoline have created a problem in many centres across Canada and efforts are being made to work out a solution.

Officials of the Alberta Motor Association are keeping a close watch on the situation with a view to making required representations when such appear necessary.

The lack of uniformity as revealed in some cities may have a detrimental effect on tourist trade, it is feared.

In Manitoba, a committee has been appointed to study the whole problem and bring in recommendations for legislation to be considered at the next session of the legislative assembly.

News Scotia has a comprehensive provincial law dealing with hours of sale at gasoline stations, while other provinces are studying the question. In Alberta the authority to regulate station hours rests with municipalities. Some cities have a rotation system for the supplying of gasoline on Sundays, holidays and after regular closing hours in the evening. Efforts are being made to reach a satisfactory solution but it is realized that the problem has many angles.

We are all the same underneath but some keep themselves further underneath than others.

Small Interest Charges Invite Personal Loans

Mr. L. W. Smith, manager of the Bank of Montreal, reports that the low cost of personal loans appeals strongly to all borrowers coming to his office. It is a very pleasant surprise to many. The rate of interest is only one-half of 1% per month which is equal to 27c a month for a \$100 loan, repayable in twelve monthly instalments. Loans range from \$50 to \$1,000 or more, if you need it.

Getting a personal loan from Mr. L. W. Smith is a straightforward, business affair, for, as he will tell you, when you ask for a loan at the B of M you do not ask a favour.

CARD OF THANKS

We wish to take this opportunity of thanking our kind friends and neighbors for their many acts of thoughtfulness and sympathy during our recent and bereavement in the loss of a loving husband and father, also the members of A.F. & A.M. Buffalo Park Lodge, O.E.S. Connaught Chapter and the personnel of the C.N.R. Wainwright.

MRS. J. C. MCKENZIE SHIRLEY AND WENDY

ANNOUNCEMENT

Mr. Roy Kneeland of Hanna, Alberta, announces the marriage of his daughter Marian Paula, to Leslie E. Fuller, son of Mr. and Mrs. J. Fuller of Drumheller, Alberta. The wedding took place July 14th in Hanna, Alberta.

PELICAN

Most of the wee lots of the district began the scarlet fever inoculations last Tuesday, with Miss Knutson our Public Health Nurse. A very hot week with no rainfall renders our fine crops in a very critical condition. The gardens were noticeably scorched by the hot winds on Sunday and the terrific windstorm which hit here about 6 p.m. moved everything that was not well anchored.

Maria and Mary Bell are taking piano lessons from Mrs. Doug. Burnett.

Quite a crowd gathered at the west bridge Sunday afternoon for a swim and report a very good time. Pelican A.F.U. met at the school Tuesday evening with 18 members and one visitor present. D. C. Dalrym and Vernon Christian joined the local. Three delegates to the Convention in Wainwright on July 31 were elected, namely, Mike Bell, Romeo Belanger and Stanton Murray, with Harold Moseng as alternate. The proposed constitution for the amalgamated A.F.U. was thoroughly discussed and resolutions were drawn up and sent to the Convention for further discussion. The \$64 question for this week: What constitutes a bona fide farmer?

Monday night saw this district hit by a July frost which has proven disastrous to beans, tomatoes, cucumbers, etc. It is too early yet to determine to what extent the crops have been damaged.

(this week)

Most gardens are a sorry looking sight this week after two nights of frost.

Dougie Murray returned home on Wednesday after two weeks holiday in Edmonton with his grandparents. He saw and did about everything there was for a little boy to see and do.

The men are too busy putting up hay and the women hunting for Saskatoons to make much news this week.

Mildred and Verda Aasen returned home on Friday with roomings from a vacation in the mountains. They report a very good time.

Several from Pelican district attended the U.F.A. convention and picnic at Malloy's Lake on Sunday. It was a very pleasant afternoon and the kiddies made the most of the bathing while their elders enjoyed the speaker and convention.

Mr. and Mrs. Ole Haugen are the proud possessors of a new Mercury car, same class as 't.

The Pelican Rainbow U.F.W. are sponsoring a dance at Pelican school on Friday, August 2. Admission: Gents 50c, Ladies 25c, lunch provided. Everybody come and have a grand time before the harvest rush.

EDGERTON

The Annual meeting of District No. 17 A.F. & A.M. was held in the Masonic Hall on Wednesday July 24, under the chair of Rt. W. Bro. T. L. Shaw. Grand Lodge officers present included M. W. Bro. Bond, M. W. Moore and M. W. Marland. The meeting was well attended by other Lodges in District No. 17. Following the afternoon session, approximately 60 sat down to a banquet which was served in the Memorial Hall by the members of the O.E.S. The evening session was brought to a fitting close by an eloquent speech by the M. W. Grand Master who is a judge of the Juvenile Court of Alberta. Bro. L. A. Myggland of Buffalo Lodge, Wainwright, was unanimously elected as D.D.G.M. for the year 1946-1947.

Quite a number of townfolks took in the Lloydminster Exhibition. A life-saving demonstration organized by the R.C.M.P. and local educational bodies took place at Clear Lake last Wednesday. The Sea Cadets from Wainwright were there and a number of young folks, but the gathering was not as large as was hoped owing to the fact that many are away on holiday and the fair. A good picture show was given in the Memorial Hall in the evening showing the need for greater respect for all safety laws. There was quite a good attendance at this show.

Mrs. W. Bell and her two boys are visiting her parents at Lloydminster.

Bob Groves met his wife and young son Sunday morning when they arrived from the United Kingdom.

Mrs. Alec Calvert was visiting relatives at Lloydminster.

Cal Archers Hardware Store is now open for business. Earl Hallett's new store is nearing completion.

Church Services at St. Mary's Anglican Church next Sunday the 4th will be Holy Communion at 10:30 a.m. and Evensong at 7:30 p.m.

The following letter was received from National Clothing Collection Headquarters.

To Local Chairman, Mrs. Stratton, National Clothing Collection, Edgerton.

Dear Mrs. Stratton,

May I take this opportunity of expressing my sincere appreciation for the splendid job you have performed as chairman for your community in the second National Clothing Drive which terminated June 28th, 1946.

The success of any Drive, such as the National Clothing Drive depends mainly on public spirited people like yourself who appreciate the problems of those less fortunate particularly when these problems concern women and children who suffer through no fault of their own.

Our Drive across Canada has proved a success both in poundage and goodwill and I would once again thank you and your many workers most sincerely.

Yours very truly

REDVERA F. PRATT, Executive Director

HEATH

Mrs. Morton Herbert entertained a few friends on Friday evening in honor of Miss Alma Potvin of Edmonton who was her guest for the past week.

Mrs. Arthur Patterson has as her guest her sister Mrs. Peterson and family of Wainwright.

A number of people from this district attended the Vermilion fair during its run last week and all report an enjoyable time.

On Friday a group from the Heath Mission motored to Marsden to attend the Bible convention of the Mission church there.

Frances Patterson is home again after attending the Vermilion Agriculture Fair Week.

Mr. and Mrs. Jerry Rajotte have as their guest Jerry's brother and sister-in-law who motored here from Rhode Island, U.S.A.

Last week's frost damaged many of the gardens and parts of the fields. Hot drying winds caused still more damage, especially to late grain and rain is urgently needed.

Mr. and Mrs. J. Dahl had as their guests their sister Mrs. Mitton and family of Edmonton.

Myranvay Jones returned on Friday from a visit with her sister in Edmonton.

\$\$SHEEPSKIN FLATS\$\$

I would like to take this opportunity "if our Editor does not mind" to congratulate Miss Doris Peacock on her forthcoming marriage.

Mr. and Mrs. Buster Newsham of Royalties, Alberta, are visiting with Mr. and Mrs. Jones Myer.

The old swimming hole is in full swing again. Some 60 people being there on Sunday last.

A bad frost was had in the flats on the night of the 22nd leaving the gardens a black mass. No one knows but every one is hoping for the best for the crops.

Little Robert Templeton has the cast off his foot, but is still around on crutches.

Quite a few in the district attended the Vermilion Fair and had a very

FABYAN

Mrs. J. Holt of Smithers, B.C., is a guest at the Holt home these days. Mrs. Harold King has as her guest these days her parents, Mr. and Mrs. H. Halverson of Ceres, Sask.

Mr. and Mrs. Harry Pytel of Ryley are visiting at the Pytel home this week.

The Fabyan ball team were successful in winning second money at the Sew and So Picnic on Wednesday last.

Miss Vera Voros and her sister Mrs. Eddie Panhysen (Rose) of Edmonton were visiting at the home of their parents, Mr. and Mrs. P. Voros.

Miss Joyce Hissett spent the weekend visiting with her sister Dora.

The Fabyan ball team played the army on Sunday and were successful in winning the game 14-6.

Guests at the Kleinmeyer home this week are Art's parents, Mr. and Mrs. J. N. Newman of Coram, and Mr. and Mrs. M. Webb of Veldran, who are visiting their daughter Mrs. Kleinmeyer. They report good crops at both places and no frost at all.

GERALD

Miss Clara Campbell suffered a severe accident on Sunday when she went for a swim in the river and stepped on a broken sealer. An artery in her foot was cut and she was rushed to Wainwright hospital where she received prompt medical attention. After a five day stay in the hospital she came home, but is still unable to walk.

Mr. and Mrs. E. Gullekson went to Chinook last Tuesday, returning the next day and bringing home with them their daughter, Mrs. C. Daugherty of High River and their two grandchildren Sharon Daugherty and Norma Agar.

Mr. Jim Moffatt and Mr. John Moffatt of Vancouver were visitors at the homes of their brothers, Mr. R. Moffatt and Mr. W. Moffatt for a few days last week. They also renewed acquaintances with many old friends in the neighborhood.

Mrs. C. R. Hamilton of Sask., were visitors on Wednesday at the home of Mrs. A.

On Tuesday, July 23rd, did a day to gardens and may have some crops.

Mr. A. F. Perkins, who have been in Vancouver since December, is in this district.

Mrs. J. Perkins is a few days in Edmonton, returning on Monday last.

Instinctive love and common-sense must be allied with modern medicine for better baby care, according to health officers at Ottawa. One authority on infant rearing states, "Nature provides parents with the loving solicitude essential to a child's well-being, but there are some phases of upbringing which require the guidance of experts. To ensure your child all the advantages of modern knowledge and the accumulated experience of science, establish and maintain constant liaison with the family physician."

In pulp and paper Canada is a great world power. Every forest fire caused by carelessness is a crime against Canada and her working men.

THE NEW HOSPITAL

Last week's issue carried a report from the committee re the new proposed hospital that is so sorely needed in this area. This report has been given much thought and it is a credit indeed to the three members who have taken the time and trouble to study the facts and figures, keeping in mind the most possible value for our dollar.

If the whole M.D. area, plus the town of Wainwright and the villages of Irma, Edgerton and Chauvin will join together and condescend to work in the best interest of all, there is no possible reason that Wainwright and surrounding area can not have the finest medical centre in the province.

The village of Irma in the past has been hesitant to join into any large hospital area. The reason, we are not sure of, but it has been voiced that they feel that they could not adequately be served by using a hospital at Wainwright.

This is sheer nonsense as they have been using the local hospital for some time with no adverse results. True it seems a long distance to travel when an emergency arises, but with good roads connecting the towns it is only a matter of 15 to 20 minutes drive and the distance is covered.

As outlined in the report, the cost of building a hospital in Irma is prohibitive in comparison to the advantages to be gained. It has been figured down to cost the taxpayers 18 mills on the assessment for a hospital of 10 to 15 beds. This is quite steep and we feel that no taxpayer after seeing the cost to him in relation to the benefits to be received would sanction any move of this nature.

It is a pure and simple case of all or not at all, meaning it will take all the ratepayers of the area comprising Municipal District of Wainwright both urban and rural to make a reality of this project. It will take the co-operation of all persons to attain our goal of a 50 bed hospital. Under the proposed set up of this hospital it is expected that there will be established at Edgerton, Chauvin an Irma, Nursing Homes that will help greatly to relieve the pressure at the hospital. This is only reasonable why then can anyone be opposed to such a scheme.

At present the ratepayers of the Town of Wainwright and the M.D. of Wainwright are paying the required 4 mills for what limited services are offered. We are not informed just what the hospital taxes are, if any, that are paid in the three other villages but one does not have to be an Einstein to readily see that by paying the same taxes each year that we now pay, how greatly increased our benefits would be.

It has been heard as a rumor only, that if and when any such large hospital area were established, there could be operated in conjunction with same, an ambulance service based on cost to the individual or operated free for the purpose of bringing to the hospital any patients who require transportation. This might be a worthwhile venture but it will come to pass only after we have the hospital. Then will be sufficient time.

Our present hospital has served each and everyone of us well and faithfully during its 18 years of operation. With only two more debenture payments to make, it will then be fully paid for only to realize that it has outgrown its necessary size. Many will remember 18 years back how there was opposition to this worthy project at the time. We dare say that many of that opposition then have at one time or other been a patient in the very structure they opposed.

We feel sure that the citizens of the district will see the need for this very necessary institution and will lend their whole hearted support in any way, shape or form should they be called upon to do so.

It is certainly time there were changes made at the present hospital. It has become too small and overcrowded to increase its service to the public. To increase the size and efficiency of this institution would be a back breaking process if attempted by a small portion of our area's population. Therefore, the only way that we can all have adequate medical care for all the towns, villages and the Municipal District to join into a common scheme that will give the greatest benefit to the most people.

FARMING NOTES

By Prov. Dept. of Agriculture

STILL FEEDERS FOR BACON

The practice of self-feeding farm animals is coming into more general use. Under this system a continuous supply of feed is kept before the animals enabling them to eat when they want and in whatever quantity they desire, thus giving the smaller, weaker pigs a better chance. It eliminates the competition and fighting that takes place at a trough, says H. E. Wilson, Dominion Experimental Station, Lacombe, Alta.

The advantages claimed for the self-feeder are that it saves labour and ensures satisfactory gains being made with the least waste of feed with both growing pigs and old sows which are being fattened. It is not so well adapted for feeding brood sows or any kind of breeding stock that should be kept on less than a full ration.

A self-feeder to be entirely satisfactory must be so arranged that the contents will feed into the troughs without any stoppage caused by the blocking of the meal in the hopper. The type of self-feeder used with success at the Lacombe Experimental station is provided with a moveable board secured with thumb screws, the board enabling the flow of feed to be regulated accurately. It is necessary to regulate this board according to the kind of the feed used and to make frequent inspections to see if the feed supply is sufficient and the feeder properly adjusted. A lip on the edge of the trough has been found an advantage in preventing waste.

Experimental results at Lacombe indicate that the self-feeder when properly constructed, and when used in connection with a properly balanced grain ration, will not only save labour but will give greater gains and produce the grains with a grain requirement which is not out of line with that required by hand-feeding. Based on a seven-year average of results comparing self-feeding with hand-feeding, it has taken 8 percent more grain to produce 100 pounds increase in live weight when the self-feeder was used than when hand-feeding was practiced. On the other hand, self-fed pigs made 19

per cent higher daily gains than those hand-fed, proving conclusively the possibility of preparing hogs for market at a much earlier date when a self-feeder is used. Self-fed hogs also invariably showed more uniformity of size and more even fleshing than those hand-fed and on the average conformed as closely to bacon standards as did the hand-fed hogs. A well bred bacon type hog, fed a well balanced ration, will grade well on the rail in the packing plant even though it may have been fed from a self-feeder.

Free detailed plans and specifications for the construction of a self-feeder are available from Dominion Department of Agriculture, Ottawa, or from any Dominion Experimental Farm or Station.

SAWFLY TRAP

The use of trap strips of early seeded grain around wheat fields is helpful in controlling the wheat stem sawfly. However, the value of these traps is largely lost, states J. L. Eaglesham, Supervisor of Pest Control, unless proper and timely disposition is made of the trap.

Sawfly egg-laying should be pretty well over by the middle of July. The trap should be checked and if sawdust is found in the stems, it proves that the eggs have been laid and hatched, and that the resulting grubs are active. The grain in the trap strips should be mown for hay or cultivated down when the egg-laying season is over. This cutting or cultivation is just as important as seedling the strips. If grubs are allowed to mature in the trap by leaving the grain stand until fall, a heavy infestation is built up for next year.

By cutting down the grain in the trap strips all sawfly grubs in the stems are destroyed. Definite dates for cutting the traps cannot be given but each person can watch his own strip and cut them when he is satisfied that there are no more eggs being laid. Timely disposal of the trap is a very important part of the control programme and this is the time of the year when special attention should be given to this matter.

Veterans Man Fast

Fairmile, Pky B.C.
Coast With Speed

A sleek-lined reconvered Fairmile has been added to B. C.'s coastwise fleet sailing out of Vancouver, by a group of enterprising young war veterans. Covering a fast passenger and express service to Powell River, the all-veteran company is confident of success operating in opposition to two long-established steamship lines. Several months ago the veterans purchased the former RCN Fairmile. Upper works were removed, new engines installed, a new deck plan devised and cabin space fitted. The result is the 112 feet long, 17½ foot beam "Gulf Wing," licensed to carry 102 passengers. Manned by a crew of eight ex-service men, the vessel is capable of doing 16 knots in her two 320 h.p. Vivien diesel engines.

Originators of this man-sized rehabilitation project were two RCNVR veterans T. N. "Ted" LePage and J. A. "Budger" Dukes. They are now president and vice-president of Gulf Lines Limited, the operating company.

In command of the "Gulf Wing" is Captain Roy Barry, formerly senior officer with the RCAF marine services. First mate is his son Roy, Jr., ex-RCNVR. Chief engineer is Ted Hyde and second is Ken MacDonald. John Jukes is purser.

The veterans are offering a five-hour service to Powell River, famous gulf and paper town, eighty miles north of Vancouver, six days a week. Stops are made at Texador Island, mining centre and Savory Island, gulf-coast summer resort popular with tourists from near and far for its silvery sands.

Hints for the Household

VEGETABLE PLATES

Everybody knows today that no food is more important than vegetables. Nutritionists recommend at least one raw and two cooked vegetables every day. And with up to date information on cooking and serving vegetables this rule is not hard to follow. Now nearly everyone enjoys vegetables.

If one wishes to depart from the all-vegetable idea, a poached egg may be added or a cheese or other piquant sauce may glamorize one of the vegetables.

For entertaining at luncheon a vegetable plate with hot rolls is always welcome whether it be of hot vegetables or a crisp cold salad.

The home economists of the Consumer Section, Dominion Department of Agriculture suggest three recipes for Vegetable dishes.

SPINACH PUFF PIQUANT

2 lbs. fresh spinach
 OR 2 cups cooked spinach
 1 teaspoon sugar
 1/4 teaspoon salt
 1/4 cup chopped green onion
 1/4 teaspoon nutmeg
 1/4 teaspoon pepper
 1/4 teaspoon Worcestershire sauce
 2 tablespoons fat
 1/2 cup milk
 2 eggs, well-beaten
 Wash spinach thoroughly, trim and cook for 10 minutes. Drain and chop very fine. Add the remaining ingredients and mix well. Turn into greased baking dish and cover. Set in a pan of water and oven poach in a moderately hot oven 375°F., for 40-45 minutes. Six servings.

SWEET SOUP BEANS

6 cups beans cut in 1 inch pieces
 1 cup boiling water
 1 tablespoon minced onion
 2 tablespoons melted fat

1 tablespoon brown sugar
 1 tablespoon vinegar
 1/4 teaspoon salt
 Dash of cinnamon

Cook beans in boiling water for 15 minutes. Brown onion in the fat. Add sugar, vinegar, salt and cinnamon. Add to cooked beans. Simmer 10 minutes. Six servings.

CHEESE RING with VEGETABLES

1 cup milk
 1 cup dry bread crumbs
 1 egg
 1/4 cup cooked macaroni
 1/4 cup cheese, diced
 1 tablespoon minced parsley
 3 tablespoons melted fat
 1 teaspoon minced onion
 1/4 teaspoon salt
 * Pepper

Scald milk, add to bread. Add well beaten egg and other ingredients. Pour into a greased ring mould. Set in a pan of hot water and bake in a moderate oven 350°F. for 50 minutes. Turn out on a hot platter and fill with hot mixed vegetables, green beans, onions and carrot or white turnips and carrots or vegetable marrow and baby beets. Six servings.

NOTE: For variety tomato, cheese or cream sauce may be used with the vegetables.

SOME SUMMER SUGGESTIONS

Hamburgers, Toasties

1/2 pound ground beef
 1 cup Corn Toasties, slightly crushed
 1 teaspoon salt
 Dash of pepper

2 to 4 tablespoons milk or water
 Combine ingredients and mix well. Shape into flat cakes and pan-brown in lightly greased pan, turning to brown both sides. Makes 8 cakes about 3 inches in diameter.

Meatless Bran Muffins

1 cup sifted flour
 3/4 teaspoon double-acting baking powder

1/4 teaspoon salt
 1 egg, well beaten
 1 cup milk

3 tablespoons melted butter or other shortening
 2 cups raisin bran

Sift flour once, measure, add baking powder and salt, and sift again. Combine egg and milk. Add to flour mixture, add shortening, then mix only enough to dampen flour. Fold in raisin bran. Turn into greased muffin pans, filling them 2/3 full. Bake in hot oven (400°F.) 20 minutes, or until done. Makes 10 medium muffins.

For a sweet muffin, add 2 tablespoons sugar, honey, or corn syrup to milk mixture.

Grape-Nuts Stuffed Eggplant.
 1 large eggplant
 2 tablespoons chopped onion
 1 teaspoon salt

SHELTERBELT FOR THE FARM

Every prairie home owner wants a shelterbelt around his home grounds but there are still many farmers who have not yet provided themselves with one. Perhaps the chief reason for this neglect is that a shelterbelt must be planned for and the land well prepared in advance of the planting. Then too, farmers are busy seeding at the time when planting should be done.

It is not too late in the season when a start could be made in preparing the soil, says E. C. Hallman, Supervisor of the Farmstead Planning Service but do not make the common mistake in planting most of the trees in front of the house, or too close to the buildings or surrounding too small an area. Plan carefully the location of your proposed shelterbelt. Enclose from five to ten acres for your farmstead within the shelterbelt and plant it no nearer than 100 feet from any of the farm buildings. The north and west sides of the farmstead should be protected against the cold winds of winter with a heavy and broader strip of trees than is required on the south and east sides. In preparing the land, therefore, grow a strip of at least 40 feet wide along the north and west sides while 30 feet wide would be sufficient for the south and east. Summerfallow these strips for a full season or two until all grass and weeds are destroyed and the soil becomes fine and friable with plenty of moisture conserved before planting.

To ensure that every member of the family is receiving the proper type of food, the Department of National Health and Welfare suggests that families consult their personal physicians and study nutrition seriously. It is pointed out that infants, growing youngsters and ten-agers all need special body-building foods, such as milk, fruit, vegetables, whole grains and the proteins, which are found in such food as eggs and cheese.

How Canadian families can actually get better food value by cutting down on food quantity, and thus contributing to the supply for the undernourished peoples of Europe and Asia, is explained by the Nutrition Division of the Department of National Health and Welfare, Ottawa. The Department suggests that, for one thing, vegetables may be substituted for bread at most meals. This will ensure getting all the essential vitamins and minerals, and, anyway, bread is not so necessary in the diet at this season.

1/4 teaspoon pepper
 2 tablespoons bacon fat
 2/3 cup Grape-Nuts
 1/2 cup drained canned tomatoes
 1/4 cup chopped cooked bacon
 1 egg, slightly beaten
 1 cup Grape-Nuts
 Cut eggplant in half lengthwise and scoop out center, leaving shells 1/2 inch thick. Parboil shells 5 minutes. Chop removed portion and saute with onion, salt, and pepper in bacon fat 10 minutes. Add 2/3 cup Grape-Nuts; mix well. Then add tomatoes, bacon, and egg, mixing thoroughly. Refill shells, sprinkle with remaining Grape-Nuts. Bake in hot oven (400°F.) 25 minutes. Makes 6 servings.

NOTE: If desired, 1/4 cup grated American cheese may be mixed with Grape-Nuts used for topping.

Everything Ready for the Trip?

You are ready, of course. Your wife and children are ready, and you have probably planned every step of your journey. But—

Is Your CAR Ready?

After all, your car is the most important thing to consider. You depend upon it to get you from here to there and back again. Maybe it will and maybe it won't. It depends upon the condition your car is in when it starts out. To make sure everything is all right, let us give your car a thorough inspection, right now so that repairs may be made if necessary. Anyhow, just drive around and let us listen to it. It will not cost you a cent.

TO BE ON A TRAIN AGAIN!
 Been aboard a Canadian National train lately? If not, there's a pleasant experience in store for you. With equipment coming back into civilian use, rail travel is much less congested... more like old times. You are invited to rediscover, this summer, how nice it is to travel by train again.

LET CN HELP PLAN YOUR TRIP

The pleasure begins before you set foot on the train. Any Canadian National ticket office will arrange itineraries, and can also supply practically any information you need about anywhere in Canada. Make your holiday or business trip really worth-while; talk it over with Canadian National first.

TRAVEL DAYS
 are here again

NEWS & VIEWS OF TOWN AND DISTRICT

Miss Audrey Adams is a guest at the home of Mrs. M. Telford this week.

Mrs. E. Jackson is here from Edmonton visiting with her daughter Winnie and renewing acquaintances in town.

Mr. and Mrs. M. Sills and daughter Linda returned here from Spokane, Wash., last week to visit with Mr. Sill's sister, Mrs. S. Wilson and family.

Mrs. A. S. MacLellan was a tripper to the city for a few days last week.

Mrs. J. E. Woods and family are here from Calgary visiting with Mrs. Wood's parents Mr. and Mrs. R. Greer.

Miss Margaret Livingstone accompanied by her mother are guests at the home of Mrs. Wilhelm. The Livingstones are old-timers of the district having lived here in 1912.

Mrs. G. Arkwright is leaving this week for Vancouver, B.C. where she will visit with Mr. and Mrs. R. Tierney.

Mrs. Oliver Griffiths returned home last week after a holiday spent visiting relatives in Saskatchewan.

After a holiday with her sons at Ft. William and friends at Moose Jaw, Mrs. Winnie Long returned on Sunday last and has returned to her employment at Armstrongs.

Messrs. O. Griffiths and Washburn Lund left the first of the week for their annual holiday at Vancouver, B.C.

Cyril J. Crowley, former pupil of the Wainwright Separate School now of Air Engineer School, Calgary, was successful in passing all ten subjects in good standing. Congratulations Cyril.

Mr. and Mrs. Gordon Huntingford returned from Edmonton to spend their annual holiday visiting with Gordon's mother, Mrs. N. Huntingford and other relatives.

A.B. Thomas Graham of Esquimalt, accompanied by Mrs. Graham, were guests at the home of his uncle Mr. and Mrs. Gordon Graham in town.

Mr. and Mrs. C. Stafford and Don returned to the city last week and are planning to leave this week for an extended motor trip to California.

Weekly Prayer Meeting

Capt. Kenn Tory of Calgary is visiting with relatives in town this week.

Mr. and Mrs. Herve Rajotte and daughters accompanied by brother Mr. Lucien Rajotte all of West Warwick, Rhode Island, arrived here by car last week and are visiting their parents, Mr. and Mrs. D. Rajotte and other relatives.

Mr. and Mrs. Vernon Prosser are spending a short holiday with their parents in town.

Miss Elsie Horn has returned home after marking examination papers in Edmonton.

Mrs. D. Krull had as her guests last week her mother, Mrs. J. Paul who was accompanied by Mrs. H. Farrar both of Saskatoon.

Mrs. I. A. Patterson returned to Ft. St. John last week after spending a holiday visiting with her mother Mrs. McIntee at Greenshield, She travelled by plane.

Mr. and Mrs. H. Coult and family returned last week after a holiday spent motoring in the southern part of the province.

Miss Audrey Joyce of Winnipeg is visiting with Miss Shirley McKenzie in town.

Mrs. Ivan Pigeon and infant son returned home from Edmonton last week end.

It is estimated in some districts the recent frost, winds and drought have caused approximately 50% damage to the crops.

If you have car space or a car available on Sunday to take passengers to the Veteran's picnic, please contact B. Coleman or W. Rattray.

There are single newspaper mills which use more electrical energy than is required to light the cities of Montreal and Toronto combined.

ANSWER TO LAST WEEK:

"Ye" in old English does not mean "you" or "your". It means "the" and was so pronounced without any "y" sound. In Anglo-Saxon there was a symbol now written as "th" but which was represented by "y". In consequence the correct pronunciation of "ye" is "the". 1. Popular Fallacies A. S. E. Ackermann.

FARMERS TO VOTE ON NON-DELIVERY STRIKE

Just as we were going to press we learned that a "non-delivery strike" vote is to be taken in this district sometime before Saturday, August 10th. This vote has been called by the Alberta Farmers Union and is to be province wide. The Wainwright local of the A.F.U. are now busy making preparation for the forthcoming action.

More will appear in these columns when information becomes available.

WATCH OUT FOR SUNBURN!

Yes, sunburn is a real burn—just as real as if you placed your hand on a red-hot stove.

So, when the inclination comes this summer to rush out into the beams of Old Sol, all you vacationists, fishermen, swimmers, bathers, hikers, and other sun-worshippers just remember that fact.

Also, remember that sunburn is painful—that it can be serious enough to cause hospitalization, loss of time from work, and resultant loss of income, not to mention medical expenses.

The sun should be taken in easy doses, particularly at the time of initial exposures. First contacts with the sun should not last for more than ten minutes. It really takes a full two weeks to acquire a good suntan—without ill effects.

Besides taking it in easy doses, it might be well to use some good lotion. Certain carefully chosen lotions applied before going into the sun will result in tanning instead of burning. In fact, always use such a lotion because a good preparation used prior to exposure definitely will prevent burning. Excessive sun also can result in sunstroke. So, it is well to wear some sort of head covering while exposed to the direct rays of the sun for any length of time, particularly those who are thinly clothed on top.

FIRE BUGS A DANGER

Canada's forests have one major enemy—bugs. There are insect bugs and fire bugs. The latter destroy millions of dollars of Canada's wealth.

Larger Hosp. Committee Present Report

Sir: We, your Committee appointed at meeting of delegates convened on May 10th, 1946, to discuss the matter of the building of a larger hospital at this point, beg to report as follows:

As a forward to this Report, we would state that in the preparation of same we have endeavored to submit a Report that furnishes comparative figures in relation to the several suggestions put forward at the meeting referred to above.

Paragraph 1.—We have in operation at the present time a thirteen bed hospital which is now accom-
modating twenty-six beds. It is there-
fore very evident that accommoda-
tion in this building is very definitely
overcrowded. We do not feel it neces-
sary to go into any great detail in
relation to our present hospital as it
has now been 18 years providing
services to the sick of the District.
There is no doubt that it has afford-
ed the community excellent services
but has now apparently become too
small for the number of patients re-
quiring hospital treatment. To op-
erate this hospital with its present
facilities has cost the ratepayers at
the rate of approximately 4 mills
yearly on their assessed valuation.
We are citing this figure to be used
comparatively in submitting estimat-
ed costs on other proposed schemes.

Paragraph 2.—We would first bring
to your attention the figures based
on the operation of a proposed new

North Roads
To Lure Visitors

Motorists who look forward to the
day when they can drive deep into
the north were given new cause for
interest lately when it was announ-
ced that a contract has been awarded
by the federal government for a
highway costing more than one
million dollars into the Yellowknife
mining field.

This road will be built by the
federal government from the Al-
berta border to the mining center.
It will connect with the new high-
way being built from Grimshaw on
the north side of the Peace river, to
the northern boundary of the provin-
ce. On this latter road, the provin-
ce and dominion are sharing the
costs on a 50-50 basis.

When civilian traffic is opened on
the Alaska highway, and the new
Grimshaw to Great Slave Lake high-
way is completed, a vast area of ex-
ceptional scenic beauty will be
opened to motorists.

The Alberta Motor Association is
urging the need of preparing for this
tourist flood and developing a high-
way system in Alberta that will
stand up to traffic demands. Hard
surfaced highways will pay big di-
vidends in the long run, as has been
demonstrated in the U.S.
